## MONEY TRUST SEEKING TO BEBOULE

Aldrich Currency Bill in Sugar  
Coated Form to be Foisted  
on Democracy

SO DECLARES MONETARY  
EXPERT ALFRED CROZIER

Lindbergh Would Know Finan-  
cial Connection of Money  
Trust Probe Committeemen

WASHINGTON, Dec. 9.—The charge that an attempt is being made to foist a "money trust currency bill" on the Democrats in "sugar coated disguise," was made by Alfred Crozier of Cincinnati, nationally known as a monetary expert. To surround the incoming Democratic administration with influences to frame a substitute for the Aldrich scheme that will be the same act coming out of another corner, is being attempted, said Crozier, who was invited here by the House committee framing a new currency legislation. "The country should realize that there is an irrepressible conflict between Wall Street and the people concerning whether public currency control should be public or private. I find many patriotic Democrats are trying for real financial legislation but many of the reactionaries are determined to give the interests a monopoly of a financial control and create a real money trust. The money question will be a big issue in the next campaign. If Democracy takes a progressive stand and passes sound constructive banking laws providing for complete control of the currency by a public institution owned and controlled by the Government, that party is likely to stay in power indefinitely. If it falsely attempts a compromise, Democracy will be practically wrecked."

WANTS MONEY TRUST  
COMMITTEE TO TELL  
OF FINANCIAL STRINGS  
WASHINGTON, Dec. 9.—Charging that the Money Trust committeemen of both houses of Congress favor the interests involved in the Public Inquiry, Congressman Lindbergh today submitted a joint resolution requiring all committeemen to file statements of their financial connection and their affiliations in banking, loaning and brokerage business. "The majority of the committeemen," Lindbergh declared, "are bankers or attorneys for banks. I claim that bankers and their lawyers are not persons to whom financial legislation should be trusted."

## SOLDIERS HOME IS TO BE TAKEN FROM UNDER COMMISSION

SAN FRANCISCO, Dec. 9.—United States Senator George E. Chamberlain of Oregon, a member of the Senate special committee which investigated the National Soldiers Home at Sante Fe, said here yesterday that he would recommend that the control of the institution be taken from the New York commission now governing it and placed in the hands of the War Department. Senator Chamberlain is en route to his home in Oregon.

"Giving the War Department control of the home is advised by the inmates," he said, "and I shall urge it strongly. Many of the complaints made by members of the home are well founded. The home is undoubtedly in too far away to take active charge and to administer the careful treatment which the old soldiers need."

PATRICK NEARS COLLAPSE

ST. LOUIS, Dec. 9.—Albert T. Patrick is on the verge of a nervous collapse at the country home of John T. Milliken, his millionaire brother-in-law. Milliken spent more than \$150,000 to obtain pardon for the attorney, who was serving a life sentence in Sing Sing for the murder of William Marsh Rice in New York.

CHINA TO GET LOAN

LONDON, Dec. 9.—A Peking dispatch to the Times says it is understood that the Chinese minister of finance has practically settled with the six-power group the outlines of an agreement for a loan not exceeding \$125,000,000.

## She Risked Her Life to Save Two Baby Daughters

LOS ANGELES, Dec. 9.—Risking her own life to save her two baby daughters, Mrs. Rufus G. Kirby today sustained serious burns in a fire which destroyed her home early this morning. The children were not injured. The woman, wrapped in blankets, rushed with her to the street. She then returned for Rosa, aged three months. The brave mother's clothing was ablaze when she staggered into the street the second time. She will recover.

## EVIDENCE IS SLIM AGAINST TWEITMORE

So Claims Defense in Dyna-  
mite Conspiracy Case; Many  
Labor Men Yet to Testify

INDIANAPOLIS, Dec. 9.—Attorneys for the Pacific Coast defendants in the federal suits against unionists charged with illegally transporting dynamite, deny that the government has produced damaging evidence against Olaf Tweitmore of San Francisco. They say Tweitmore may not take the stand. E. A. Clancy of San Francisco will testify in his own defense. Charles Wachmeister and Frank J. Murphy, Detroit officials of the International Ironworkers union, testified, denying any knowledge of an alleged "kitty" to finance the Detroit dynamite.

This morning there were about twenty of the defendants so far unheard, including the executive board members of the Ironworkers Union. Among those still to be heard besides Clancy are John T. Butler, Buffalo, vice president of the union; Michael J. Young, Boston; Frank C. Webb, New York; John H. Barry, St. Louis; J. E. Munsey, Salt Lake City.

## RESIGNED AND AT ONCE LEFT PULPIT

Santa Barbara Preacher Hears  
Flock Wants Younger Man;  
He Quit Instantly

SANTA BARBARA, Dec. 9.—"I am informed the congregation wants a younger man. I hereby place my resignation in your hands." With these words, Rev. W. C. Merrill, pastor of the fashionable First Congregational church, placed his Bible beneath his arm and passed down the aisle of his church, where the congregation was assembled last night, and walked through the doors. After the consternation he created, the church held a meeting and refused to accept the resignation. Rev. Merrill has been in the city for less than a year.

## PROGRESSIVES TO ASSEMBLE TOMORROW

Close to Thousand Delegates  
Expected in Chicago; Will  
Demonstrate for T. R.

JANE ADDAMS WILL LEAD  
AFTERNOON CONFERENCE

All State Chairmen of Party  
Are Expected; Plan of Action  
to be Discussed

CHICAGO, Dec. 9.—Col. Roosevelt and two hundred New York and New England Progressives arrived this afternoon for the National Progressive conference beginning tomorrow. Five hundred people welcomed the Colonel at the train. Motion picture operators aimed the arrival. The conference of the executive committee is scheduled for late today. The Illinois Progressives held a conference this afternoon. Twelve hundred Progressives are expected to attend tomorrow's meeting.

### ROOSEVELT WILL MAKE PRINCIPAL ADDRESS

Previous to the arrival of Colonel Roosevelt, members of the national committee held a meeting to discuss a plan of action for the next four years, which probably will be laid before the conference for approval. Tonight, members of the Illinois Progressive state central committee, and Progressive members-elect of the Illinois legislature, will meet to outline a tentative program for the coming session of the general assembly.

The program follows:  
Tuesday, 11 a.m.—Conference called to order by National Chairman Joseph M. Dixon of Montana.

1:30 p.m.—Address by Colonel Roosevelt.  
2 p.m.—Address by Miss Jane Addams, who will also preside. Reports of committees.

6:30 p.m.—Dinner presided over by Alfred L. Baker. Brief speeches by Colonel Roosevelt and other leaders.

Wednesday, 10 a.m.—Third session of the conference. Discussion and reports.

2 p.m.—Final session of conference.

4 p.m.—National committee meeting to act on recommendations of the conference.  
On Wednesday night Colonel Roosevelt will dine at the Hull House social settlement, of which Miss Addams is the head.

The committee on arrangements hopes to have in attendance at the conference every state chairman and all members of the national executive committee, as well as hundreds of members of the party, including many women.

## IS CHARGED WITH INTENT TO MURDER

Mrs. Lyons Says She Wel-  
comes the Charge as it Will  
Result in Her Acquittal

SAN FRANCISCO, Dec. 9.—Mrs. Vivian Lyons, the Denver actress-divorcee in whose apartments Robert Widney, a wealthy Los Angeles realty man, was shot last week, was today formally charged with assault with intent to commit murder. Widney is improving and probably will recover. Mrs. Lyons and John Rutledge, her attorney, declare the charge meets their wishes. Rutledge is arranging bail. He says the woman will be free before Friday.

"I spent the night praying for Bob's recovery," Mrs. Lyons said. "I am overjoyed that he is improving. I can not believe that the statements purporting to come from Bob regarding the shooting, actually are true. He is surrounded by those who would move heaven and earth to convince him that I am the creature they have branded me. I can only be cleared now by a public hearing."

## WORKS SCORES ROOSEVELT AND TAFT

Declares Progressive Party  
Tainted by Support of the  
Interests

WHITE HOUSE TURNED INTO  
PARTY HEADQUARTERS

Urges Single Presidential  
Terms to Insure an In-  
dependent Vote

WASHINGTON, Dec. 9.—Asserting that "powerful, unrestrained and corrupt encroachments of combined wealth have corrupted the voters franchise," Senator Works in the United States senate declared for single presidential terms without re-election. He excoriated Roosevelt and the Progressive party and condemned both Roosevelt and Taft for their "degrading and contemptible wrangles" during the campaign. He said:

"When Roosevelt became a candidate, George Perkins became his supporter and financial backer. He knew his organization would be safe against prosecution if Roosevelt should be elected. The same comment holds for the steel trust as for the harvest trust. The Progressive party was tainted from the beginning by putting itself into the hands of the interests."

"I am not saying that Roosevelt acted from improper motives. He may have been perfectly satisfied that his course was proper and just. I simply call attention to these instances of presidential favoritism illustrating the power existing in the hands of the president. What we need are just laws, strictly enforced, guarded, and cherished, that will secure each voter the free and independent use of the ballot un molested and unafraid. Under present conditions the White House was turned into political party headquarters. Under its latest system, two candidates in the campaign traveled on speechmaking tours in private cars at great cost. One visited Lincoln's tomb and laid a wreath on the grave. The wreath was paid for from campaign contributions. What a touching tribute this was to the country's greatest president."

## SERVIA COURTING WAR WITH AUSTRIA

Popular Favor and Opinion is  
That War Must Come; Aus-  
tria Seizes Servian Ship

BELGRADE, Dec. 9.—Great excitement exists here because of the report that Austria has seized the Servian steamer Hegedisch off Fiume, carrying 800 tons of flour for the Servian army at Durazzo. The report was unconfirmed this forenoon.

Expressing the bitterest antagonism the Pavla, a leading newspaper, today defies Austria, saying if she wants war she will get the bitterest fight in the history of Europe. The paper alleges Austrian insults along the border and demands that Servia hold out for an Adriatic port.

The Pavla leads its war article thus: "If Austria wants war with Servia it will come, and will be the bitterest in history. Every Servian, man and woman, young and old, will participate. Austria must exterminate the Servian nation to win."

It appears today that there is little doubt that popular opinion is favoring and the popular belief, is that Servia will retain Port Durazzo. It is believed here that the rest of the Balkan Alliance will support Servia in the event of war, which the people in the streets declare to be inevitable.

## EARTHQUAKE LASTS 23 MINUTES SAYS THE SEISMOGRAPH

WASHINGTON, Dec. 9.—The Georgetown University seismograph registered an earthquake beginning at 9:44 o'clock this morning and lasting until 9:57. The quake is estimated to be 1800 miles from Washington.

## ROBERTS AND DAVIS ARGUE FOR CHARTER, AND HEAD IS STRONGLY OPPOSED TO IT

### Interesting Discussion On Municipal Proposal Held Before Woman's Civics Club on Saturday

The proposed charter was the subject of discussion at the meeting of the Woman's Civics Club Saturday afternoon. The pros and cons were presented in a clear manner, Prof. W. C. Roberts, a member of the board of freeholders that framed the charter, and Attorney S. M. Davis for the charter and Attorney H. C. Head against it.

Prof. Roberts took the view that the commission form of government has been proved to be a success and very desirable, and that the only question concerned in the charter election is whether or not Santa Ana wants that kind of a government. Attorney Head declared that Santa Ana now has a good form of government, that in its essentials it is a commission form, that the proposed change would add expense and would open up probable litigation.

Mrs. A. J. Lawton, president of the club, called the meeting to order, and after the club completed matters of business, including a vote to join the County Federation of Women's clubs, she asked Mrs. W. L. Grubb, vice president of the club and chairman of the program committee, to preside.

In opening his address, Prof. Roberts stated that he was certain the board of freeholders had done its work in as conscientious a manner as possible.

For the Charter  
"By electing us, we took it for granted that the people of Santa Ana thought that we need a charter," said he. "What kind of a charter? The sentiment of the people of this city and of the United States in general favors a commission form of government. This charter, if adopted, will provide the simplest form of commission government in California. The whole argument hinges on one thing. If the commission form of government is the best, we ought to pass the charter."

"In general, the old forms have led to fraud, graft and corruption of the worst kind. Santa Ana has been particularly fortunate in its freedom from such things, rather in spite of the system than by its virtue. Municipal government should be along the line of pure business, get away from ward politics and get to business principles. The commission form fixes responsibility absolutely upon the officials elected. They are elected at large to represent the whole city, not any particular part of it."

"Dayton, O., has been cited as a failure in the commission form of government. We could not imagine much worse conditions than prevailed at Dayton, but we cannot decide this question on the results in one or two cities. We must take the great majority of cities. We must depend largely upon the men we put in, and the public sentiment to back them up. If we have not the electorate to uphold good men, then it is possible that we would have such conditions as Dayton, O. had."

In outlining the charter, Prof. Roberts said that the elective officers are the mayor, four commissioners and a clerk. The mayor and commissioners are also a school board. Nominations are by petition. The election will be held the first Tuesday in April, and if no candidate gets a majority another will be held three weeks later. The charter includes the initiative, referendum and recall. The percentage on recall required on the petition is fifteen percent of the registered vote.

"That would probably take a petition of from 600 to 700 in Santa Ana, and it seems to me that if that number are willing to sign a recall petition, we ought to have a recall election," said the speaker. "The liquor question can come up only about one year in two, as it cannot come up within six months of any general election."

A distinctive feature of the charter is that the mayor and commissioners will be paid for their work. Now they get almost nothing. The commissioners are not to give all their time, but a part of it. The mayor will get \$1800 a year, the commissioners \$800 a year with a maximum of \$120 a year as school board.

"The salaries question has been condemned most, and it was the hardest for the freeholders to decide. Is it right to ask a business man to transact the city's business without pay?"

North Dakota, South Dakota and Wisconsin, where salaries are fixed by general laws, pay the mayor \$1200 and the commissioners \$900 each in cities between 5000 and 10,000. Comparison with salaries paid in other cities in this state, shows the salaries proposed are under the average. The charter will give additional powers. The city can then stop an objectionable show. Vegetable gardens and dairies outside the city can be inspected, and if not clean the city can stop the sale of the products inside the city. As to borrowing money, the power to borrow will be but a little beyond the power now in the hands of the trustees. The voting of bonds will follow the state law. The charter of Berkeley, San Diego, Pomona, Riverside, Santa Cruz and Sacramento all give the commission form.

## DUTTON DEAD BY HIS OWN HAND

Missing Insurance Agent De-  
spondent Over Ill Health  
Shot Himself

ACCOUNTS STRAIGHT,  
HAD MONEY COMING

Final Act Came at Rosslyn  
Hotel After Other Attempts  
Had Failed

Clark E. Dutton, who disappeared from his home here last Wednesday, shot himself twice through the heart Saturday afternoon. His act was due to deep despondency on account of hopeless ill health. For more than two days he endeavored to take his life by the use of morphine tablets. Failing by that method, he bought a revolver and with it sent two bullets into his own body.

For some time Dutton has been suffering terribly from rheumatism and locomotor ataxia, and he realized that it was only a matter of time until he would be incapacitated for business. This condition of affairs preyed upon his mind. When suffering most, he used morphine. Wednesday when he left he took the drug with him. Friday he wrote three letters, one to his wife, one to the manager of the Prudential Insurance Company and one to friend in Los Angeles. In these letters he stated that he knew it would be but a short time before he would no longer be able to earn a living, and he dreaded the terrible pain that he knew he would have to undergo. He stated that after arriving in Los Angeles he rented a room on Fifth street, and tried to take his life by using morphine, but had failed.

Friday he secured a room at the Rosslyn, and at 8 o'clock that evening addressed his last letter of farewell to Mrs. Dutton.

According to a Los Angeles report, Saturday afternoon Ed. Chase, a guest at the Rosslyn, looking across the court into Dutton's room saw him performing exciting juggling with a revolver, tossing it in the air and whirling it around his finger. Later two shots were heard in the room, and hotel attaches found Dutton dead with two bullet holes through his heart.

Dutton leaves his mother and widow. He had no children. The funeral will be held at the residence, 617 Cypress avenue, tomorrow afternoon at 2:30 o'clock. Dutton had many friends here. But few of them knew of his ill health.

Dutton's accounts with the Prudential Insurance Company are all perfectly straight. In fact, he had money coming from that company. In his letter to the manager of the insurance company, Dutton directed that the money be turned over to the widow.

## TAFT RND FAMILY TO GO TO PANAMA

Will Sail on Arkansas; Taft  
Offers Warship to Gov. Wil-  
son for Trip; May Meet

NORFOLK, Va., Dec. 9.—President Taft, accompanied by his staff and his entire family, will leave for Panama this month on the battleship Arkansas, the largest and fastest ship in the navy.

The Arkansas will be accompanied by the battleship Delaware and the start will be made from Key West between the thirteenth and seventeenth of this month. The President and his party will, in all probability, spend Christmas at Cristobal, although it is possible that they may return in time to eat Christmas dinner at the White House.

Beside the President and his immediate family and staff, the party will include Charles E. Taft and his wife, Mr. Hillen, secretary to the President; Major Rhodes, Lieutenant Commander Timmons and several others. Two maids and two women cooks will also be taken along.

The Arkansas now is in Hampton Roads, and will be fitted out with commodious quarters for the President and his family.

PRESIDENT-ELECT OFFERED  
WARSHIP FOR TRIP TO PANAMA  
WASHINGTON, Dec. 9.—President Taft has offered to place at President-elect Wilson's disposal one of the best warships to make a trip of inspection to the canal zone. It is suggested that in the event the President-elect should make such a trip, the warship should be the Arkansas.

## OCEAN-TO-OCEAN ROUTE UNCERTAIN

Announcement Decision as to  
Highway Not to be Known  
Until Thursday

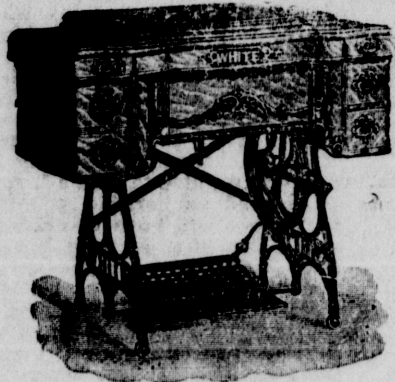

LOS ANGELES, Dec. 9.—The final decision as to the route to be selected for the ocean-to-ocean highway will probably be announced at a meeting of the commissioners here Thursday. Following an inspection of the routes between Yuma and Brawley, ex-President Mitchell of the commission refused to state which route was preferred, but the impression prevails among automobile men that the Holtville and El Centro route is favored. The commissioners, however, refused to confirm this.

Mitchell stated that he believes that no matter which route may be selected, the highway will connect with the San Diego state highway for which surveys have been ordered between San Diego and El Centro. He thinks if the Mammoth Wash route between Yuma and Brawley is selected, the state highway will be extended from El Centro to connect with it.

## INTENT OF CLAPP CAMPAIGN BILL

Would Have Each State Raise  
Own Funds in Presidential  
Campaigns

WASHINGTON, Dec. 9.—As a direct result of the senate campaign contributions committee's investigation, Senator Clapp has introduced a drastic bill limiting the use of campaign funds in presidential and congressional elections. The bill forbids any person, corporation or others to send money from one state to another to influence elections. Such prohibition is not to be held against political committees, the bill specifying that "national committees may make payments for the expense of campaign speakers, transportation, hotel bills, the dissemination of campaign literature and advertising." Violations of the bill are punishable by imprisonment of six months to a year.

## AMUSEMENTS

**"The Chocolate Soldier"**

With a libretto abounding in the eternal comedy of human nature and full of dramatic freshness and a score heavily freighted with music of sterling worth studded with melodies at one minute intoxicating in their tenderness, the next shifting to follow the satiric humor of the moment, "The Chocolate Soldier" will invade this city tonight, December 9, at the Grand Opera House to capture its thousands of music lovers.

This peerless opera, the blend of the essence of Bernard Shaw's inexhaustible wit as revealed in "Arms and the Man," and the flower of Oscar Straus' operatic genius, has done more to regenerate light opera on the American stage, than all of its contemporaries combined. One does not have to hunt for the plot, nor turn from any tediousness of dialogue, for all the sparkling action and the vivacious repartee for which Shaw is justly famous has been retained in the libretto. Every minute has its laugh, and where two or three are gathered together there is sure to follow some captivating song. Never before has a single opera contained so many hits; the audience that is accustomed to one or two in an evening, is astonished to find that each of the "Chocolate Soldier" melodies rivals the other in beauty. "My Hero," "The Letter Song," "The Tale of a Coat," and "The Chocolate Soldier" are only a few of its treasures.

**The Rosary**

I have always believed that a play dealing with the tremendous power of our human thoughts was really needed upon the stage. Men and women would rise in the morning and go about their work heedless of the fact that it is their own attitude of mind that brings them peace or failure. That is what is shown in "The Rosary," a beautiful new play from the pen of Edward E. Rose and produced by Rowland and Clifford which will play at the Grand Opera House next Tuesday, December 10. You see the effect of thought on the different individuals. One character is that of a business man happily married to a wife who loves him, but this thought is wrong, he harbors fear, doubt and unbelief in the good that lies around him. He loses all, fortune, home, wife, even his own self respect.

How does it end?  
Go see "The Rosary."

## COLD WAVE IN ENTIRE EAST

Zero Weather Predicted on Upper Atlantic Coast; Northwest Also Suffering

WASHINGTON, Dec. 9.—A cold wave is sweeping the entire east. Chicago, New York, Boston and Milwaukee report terrific drops in temperatures, and zero weather is predicted on the upper Atlantic seaboard. Much suffering is reported by charitable organizations here.

**Hits New York and New England**

NEW YORK, Dec. 9.—The cold wave is here. The mercury is at fifteen degrees above and is dropping rapidly. The cold extends over New England.

**Cold in Northwest**

MILWAUKEE, Dec. 9.—The mercury dropped twenty degrees in ten hours. It was eight above this afternoon and is still falling. From Fargo, North Dakota, comes the report that snow and a 35-mile wind from the north, beginning Saturday night has swept North Dakota. The snow is drifting, badly demoralizing railway traffic.

A drop of 22 degrees from a cold wind and snow is reported from St. Paul on Sunday morning. The weather is very cold.

## POMONA LEADS IN WEATHER REPORT

Chief Macadie Says Pomona Gives Only Correct Report From S. C. Fruit Districts

POMONA, Dec. 9.—Alexander Macadie, chief weather bureau examiner, of San Francisco, following the inspection Saturday of the recently installed weather station here, said: "Pomona has the only station in Southern California giving accurate temperatures from the fruit growing section. The purpose of my visit is to see what stations are removed from favorable locations."

Macadie went to Riverside later, expecting to visit other citrus belt cities.

## PRAYERS ASCENDED FOR MEXICO'S PEACE

St. Peter's, Rome, and Two Mexican Churches Simultaneously Petition Heaven

MEXICO CITY, Dec. 9.—In two of Mexico's most famous churches, the Cathedral and the Church of Guadalupe, there began at midnight last night, in the presence of overwhelming crowds, a special mass for divine intervention in the republic. In consonance with the unusual service here, St. Peter's at Rome was also being devoted at the same hour, 6 o'clock Monday morning, to a similar mass for the restoration of peace throughout the disturbed republic. The Pope himself having sent word that he, health permitting, would join in prayers for the tranquility of Mexico.

At the Church of Guadalupe, Magr. Boggiani, the apostolic legate, officiated, the service being solemn and imposing. Numerous priests took part in the celebration at the Cathedral, the services being almost similar to those under the direction of Magr. Boggiani.

Tonight's unusual event was the result of an appeal to Magr. Boggiani by Secretary of the Interior Hernandez, who asked that the church use its power to assist in restoring order.

## GET WHAT YOU WANT.

You can finally grasp it if you are persistent and patient. Get what you want in this world. It's been waiting for you. All you have to do is reach for it. If you reach hard enough and far enough and long enough you'll get it, no matter what it is you want.

Suppose you are foolish enough to want great wealth. You can get it. But to get it you must make up your mind that you want wealth; that you want it above everything else in the world.

Observe an industrious alien with a passport. He wants \$1,000. He sleeps in a cellar. He rises at 4. He works till 10 at night. He denies himself food to save. Some day he will have his thousand dollars.

"But," you protest, "I can't sleep in a cellar. I'm above running a pushcart. Very well, then. There is little likelihood that you will ever be rich. There are other things that you want more than wealth—your comfort, your social position.

Suppose you are more sensible. Suppose that it is success you want. Good! There are few joys in this world that can compare with the joy of achievement. Set your mark and start climbing toward it. You'll reach it if you keep at it. Be persistent and be patient. If you are in Maine you can't wish yourself in California. You can't get there overnight, either. But you'll get there some time if you start and keep going, even if you go on your hands and knees.

But remember this: No man ever climbs higher than the mark he sets himself. No man ever reaches the top walking sideways. No man achieves who keeps turning back.

And one thing more: Pick your apple carefully before you start to climb the tree. Some apples are sour.—William Johnston in American Magazine.

## SHAKESPEARE'S WOMEN.

Neither Original Nor Enlightened, Is Helen Keller's Verdict.

I doubt if the women in Shakespeare's comedies are to be taken seriously. They are pretty creatures intended to be played by boys. They are the vehicle of any more or less fitting strain of poetry which happens to please the poet. Alice in Wonderland is a very real little girl, but one would not make a grave, scholarly analysis of the traits of character which she displays in her encounter with the mock turtle. Neither should we press too heavily upon Shakespeare's poetry to extract his beliefs about women. The unsavory sonnets twice the praise and also the petulant dissatisfaction of a man in love or pretending to be in love for the purpose of poetry. The woman worship in the sonnets and in the glowing passages of the plays spoken by gallants in pursuit of their ladies is only the conventional romanticism common in medieval and renaissance literature.

Shakespeare's phrasing outlives that of all other poets. But his ideas of women are neither original nor enlightened. In studying the social ideas of a writer and his time we often learn more from his unconscious testimony than from his direct eloquence. Portia is wise, witty, learned, disguised as a man; but she is disposed of without protest through her father's will and its irrational accidents to a commonplace bankrupt courtier, and the tacit implication is that she is happily bestowed. Where Shakespeare brings Portia's career to an end a modern comedy would begin. In the other plays the delightful heroine is hurried off at the close of the fifth act into the possession of a man whom she would not look at if she were as wise and strong and witty as the situations have represented her.—Helen Keller in Metropolitans.

**Punsters.**

Douglas Jerrold, when challenged to make a pun on the zodiac, replied, "By Gemini, I can't."

Theodore Hook, when he was improving at a party, and a Mr. Winter, a well known inspector of taxes, was announced, went on without a moment's break in his performance:

I'd advise ye to give him without any summing.

## EAST NEWPORT NEWS BUDGET

EAST NEWPORT, Dec. 7.—Mrs. R. L. Von Buelow and little son, and sister, Miss Lancaster are here from Los Angeles for a stay in the Edwardson cottage on Central avenue.

The Misses Harriet and Myra Blanchard have returned from Lakeview where they have spent the past six weeks at the home of their sister, Mrs. J. K. Miller, and are again at their home on Surf Avenue. Mrs. Miller return with them for a few days' stay, and Tuesday left for Rialto where she will make her home for the winter with her son, A. B. Miller.

Mrs. J. O. Douglas and little daughter, Virginia, left for Los Angeles Sunday, being called there by the illness of her father, Dr. C. K. Douglas, who was injured in an automobile accident recently.

Mrs. C. H. Wimpers of Upland, was a visitor one day this week of her mother, Mrs. E. Wilson, and sister, Mrs. J. J. Schnitzer.

Mr. and Mrs. R. P. Wilson who have made their home at East Newport for the past year, left Sunday for San Bernardino, where they will make their home.

Mrs. S. R. Jumper, assisted by her daughter, Mrs. W. B. Morton, pleasantly entertained the members of the Tuesday Afternoon Club, at her home on Monterey street, this week. The ladies brought their needlework, and an enjoyable afternoon was spent. Refreshments of cake and coffee were served at the close of the afternoon. Those who were present were Mrs. W. W. Wilson, Mrs. Horace Little, Mrs. H. H. Lindenberger, Mrs. F. W. Beckwith, Mrs. J. Stark, Mrs. L. H. Wallace, Mrs. J. A. Pickler, Mrs. L. Stone, Mrs. Arthur Lott, Mrs. F. J. Van Orden, Mrs. J. A. Porter, Mrs. W. K. Parkinson, Mrs. E. L. Quinn, Mrs. M. L. Orcutt and Miss Gertrude Orcutt, and Mrs. C. H. Wallace.

Mr. and Mrs. Robt. Mills and Mrs. James Mills motored from Riverside Saturday for a short stay in the Mills cottage on Surf Avenue.

A new aero-hydroplane was received from the Los Angeles factory late this week for the Glenn L. Martin Co.

## IN THE JUSTICE COURT

## FELONY CASES ARE DROPPED

Law and Van Boykin Were in Hotel at Bakersfield Night Ahlf Was Held Up

Ortiz, Brought Back From Colorado, Denies That He Shot Jose Hernandez

After hearing the testimony of one witness this morning, District Attorney West moved the dismissal of the charge of felony against J. A. Law and Van Boykin. The two men were charged with robbing P. L. Ahlf on the morning of November 10. The accused men brought witnesses here from Bakersfield to prove that they were in Bakersfield on that night.

Ahlf was straight-forward in his testimony. He stated that he was riding home from a dance at El Toro, and was dosing a bit as he drove. He was awakened when his horse was stopped, and a big man held a revolver on him while the other took \$10 from him.

"Do you identify either of these defendants?" was asked Ahlf. "Not positively," said Ahlf, "except in build, height and voice of this man is the same as the big man who held the gun on me."

He referred to Van Boykin, who had a revolver in his possession when he and Law were arrested.

The defense had no chance to offer its proof, as the district attorney and justice dismissed the felony charges. Law and Boykin were arrested together on the railroad reservation. Law is out on bail furnished by local Socialists, and is to be tried on a vagrancy charge. It was stated today that Boykin would plead guilty to a charge of carrying a concealed weapon.

He does not explain his sudden departure between two days. This morning he was taken before Justice Cox and was held without bail for a preliminary examination on December 23.

**Charge He Peaks**  
William Devine was arrested last night by Officers Hamilton and Murray. They state that for several nights Devine has been hanging around in the east part of town, peering in windows of houses.

## EPISCOPALIANS FAVOR EUGENICS

Would Apply Principles by Examining Certificate of Health Before Marriage

RENO, Dec. 9.—The Episcopal church of the district of Nevada, in convocation here Saturday, was placed on record by adoption of a resolution pledging the clergymen to require a certificate of health before performing a marriage ceremony "in any case where there is a reasonable doubt as to the fitness of either party for marriage."

As a part of the resolution, the convocation also advocated the passage of a law by the next legislature in Nevada requiring that such a certificate of health be presented to the county clerk upon application for a license to marry.

The convocation by resolution also urged that the coming legislature amend the present divorce law so as to provide for a residence of one year before coming under jurisdiction of Nevada courts.

## HE SAYS TWO OTHERS IN IT

Roll States That Coleman Had Pals Aside From Roll—No Names Given

Officers Now Certain of What They Have Suspected Since the Shooting

Charles Roll admits as true what the officers have believed to be true. He admits that there are two other young fellows who were concerned in the burglary operations of John D. Coleman, who was killed on the night of November 21 while he and Roll were trying to break into a house on Durant street.

Roll has maintained continuously that he had nothing to do with any of the burglaries in this county except the one that failed, the attempt that resulted in the brave work of Deputy Sheriff Law, who drew his revolver and began to fight even after Coleman had a revolver drawn on him.

The officers knew that two men were concerned in some of the jobs and in every instance when Roll was seen by persons were sure they could identify Coleman's companion those persons have said Roll was not the companion.

Roll now admits that there were two others who knew of Coleman's occupation, and he took some part in the work with Coleman. He says that he does not know their names, though he would know them by sight.

## TOOK AUTO WITHOUT CONSENT OF OWNER

ORANGE, Dec. 9.—District Attorney West has drawn a complaint charging Ralph Stocking, C. Wyatt, Moses Kent and Walter Cole with taking an automobile without the owner's permission. The automobile belonged to F. W. Herbert of this place, and was taken on Oct. 12. It was driven to Los Angeles, and there collided with a street car.

## STOMACH STARVERS EAT ANYTHING NOW

No Indigestion or Upset Stomach for "Pape's Diapepsin" Users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy, or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Bert Mills of Los Alamitos, and Nell McMillan of Newport Beach are visiting with relatives.

Mrs. D. Smith of San Bernardino, who has been visiting at the Carmichael home for the past week, has gone to Los Angeles, where she will visit with friends before returning to her home.

Miss Florence MacAferly of Santa Ana, and Mrs. Lockett of Newport, were guests at the Swall home on Friday of last week.

D. K. Sanford, who has been in Garden Grove for the past eighteen years, has traded his five acre ranch for Long Beach property, and moved last week to his new home. He hopes to benefit his health, which has not been the best for some time.

Mr. Blackmer, the nursery man, has acquired an acre from Mr. Reyburn, adjoining the two acres he already holds in the Harper tract. He will set the three acres out to nursery stock.

Mrs. Sarah Mills, who lives one and a quarter miles east of town, had the misfortune to have her windmill blown over in the wind storm on Saturday, on account of the posts having decayed.

Mrs. N. Carmichael is in Los Angeles visiting friends.

F. W. Burton of Santa Ana was the morning speaker at the Latter Day Saints church on Sunday, he having exchanged pulpits with N. Carmichael.

### HOTEL LIQUOR PERMITS

Sooner or later Santa Ana is going to have a good hotel. The sooner the better. And when that time does come this town will have to settle the question that is now agitating Long Beach and Redlands and Pasadena—a question that has been a disturbing element in these and other no-saloon towns for a long time.

That question is whether or not a first class hotel can be made a business success without being permitted to sell liquor to its guests with their meals.

Long Beach is going to vote on this question on the last day of this month. Pasadena voted on it not long ago, the hotel permit being granted. Riverside long ago settled this question in favor of the hotel permit. Redlands has tried it both ways, and at present is without hotel liquor privilege.

On this point the Riverside Press says:

"It may be that a new era is dawning in regard to hotel permits for the serving of liquor with meals. The problem has been an ever present one in Riverside, Pasadena, Long Beach, Redlands and other cities from which the saloon has been excluded. Redlands has an ordinance which makes no provision for table license in any form and the advocates of a more liberal system there have claimed that the Casa Loma hotel cannot be run successfully without a table permit. Now, however, an interesting situation has arisen there; the hotel is about to be leased and the lessee does not want any permit. He evidently believes he will secure a better class of patronage by conducting a strictly temperance hotel."

Commenting on this rather surprising condition, the Redlands Review says:

"In arranging for the leasing of the Casa Loma hotel to Mr. Kaltenbeck, a most unusual condition, or situation, presents itself. The lessee does not want a table permit for the sale of wines or liquors to guests! Not only does Mr. Kaltenbeck not make any condition in his contemplated lease of the hotel, that a table permit shall be obtained, but he absolutely does not want any such permit for the hotel if he is to lease it."

This condition will please a great many residents of Redlands who would very much like to have the hotel opened, but without a table permit, and Mr. Kaltenbeck's desire to lease without any such privilege relieves a situation which has long been an embarrassing one and has created more or less friction among residents of Redlands."

The hotel permit is usually contended for on the ground that during the time a man is a guest at a hotel the hotel is his home, and that he should have the same personal freedom to eat and drink what he pleases while in his hotel home that he enjoys in his permanent home; that no law that would outlaw a man for using liquor as a beverage in his permanent home would be upheld by public sentiment.

This has been answered, in Long Beach, for instance, by saying, let the hotel guest keep his own supply of liquor in his own apartments and use it as he pleases there or have it served with his meals in the dining room. This, it is contended by the anti-hotel permit people would give him all the personal liberty he enjoys in his permanent home, and yet not license or permit the hotel to engage in the business of selling liquor.

But the response of the pro-hotel permit people is that in his hotel home the guest does not keep his own supply of food and drink and employ his own cook and waiter, but pays the hotel for food and drink, preparation and service; and that, therefore, in order to have his hotel home service

correspond to his permanent home service, its drink service should be handled in the same way its food service is handled.

Many people object to any kind of liquor service or permit for hotels; for that matter many people would prohibit by law the use of liquor in a private home, or the bringing it into the town.

But it is probable that if the people as a whole could be sure that a permit for a hotel to serve liquor to guests with meals would not be abused; that it would result in only such service as the moderate user of liquor gets in his permanent home, they would not seriously oppose such permit. The difficulty seems to be that hotel permits usually are abused. And another difficulty seems to be to draw the line with justice between what is a hotel and what is not a hotel, and what to do about restaurants.

This is a very interesting and important question for Santa Ana to consider, and the results round about us will be closely observed.

### CONSERVATION OF SOIL FERTILITY

The Register has received the prospectus of the National Soil Fertility league which has been organized under the laws of the state of Illinois. James J. Hill, the empire builder, is chairman and the advisory committee contains the names of such notables as President Taft, William Jennings Bryan, Champ Clark, Samuel Compers and Franklin MacVeagh.

The prospectus states that the following facts will be kept before the public:

That Continental Europe, upon land that has been a thousand years in cultivation, is producing two to three times as much per acre as the American average.

That population is outstripping the food supply and we must produce more per acre or we will soon be upon short rations and higher cost of living.

That extension work by agricultural colleges, by putting a capable man in every county to study local conditions and to assist the farmers in securing a larger yield through scientific soil building, is the only way that offers a speedy solution of this, the greatest of all economic problems.

That when every agricultural county in the land has a capable soil chemist and demonstrator at a good salary (the total expense to be borne by the state and federal governments), the cost to maintain this service will not exceed ten cents per person per year!

That when the new methods become the standard practice on the farms of our country it should, in the opinion of such men as Secretary Wilson, James J. Hill and others, at least double the yield. If this can be done we shall add to our wealth each year a sum two and one-half times greater than all the gold, silver and paper money in the United States combined.

That farming and country life offer rare opportunities for men of brains and industry to acquire a competence and to live under better conditions than as a rule obtain in the cities.

The league will have prepared and introduced in the next congress a bill appropriating \$1,000,000 to meet the federal government's part of the expense of starting the extension work contemplated herein upon a moderately large scale, this money to be used for no other purpose whatever. It will provide that it be prorated among the agricultural colleges of the several states, upon the basis of the number of population engaged in agriculture, the appropriation to increase automatically, say, \$500,000 a year, for the succeeding seven years, when the appropriation will have reached \$4,500,000 (a shade less than five cents per capita). This money to become available whenever the state shall provide for the furnishing of a like sum.

The league will have prepared and introduced in every state legislature at its next session bills to provide for the state's portion of the required funds, to actively, urgently and persistently aid enterprising citizens of the several states to secure favorable action both from the federal and the state governments. It will undertake to see that the members of congress and of the general assemblies "shall hear from home."

### THEY WILL WEAR ORANGE

Boomers for San Bernardino Show Will Tour Southland to Boost the Big Event

SAN BERNARDINO, Dec. 9.—General Manager Harry Perkins of the Third National Orange Show, has designed especially made costumes to be worn by the boaters of the show in their saunts about the southern part of the state, preparatory to the opening of the big event in San Bernardino next spring.

The coats are to be made of rich orange with white trimmings. The executive committee of the show will hold an important meeting this evening. Immediately following this meeting, General Manager Perkins will leave for the San Joaquin Valley for the purpose of visiting the citrus fruit districts of that section.

An advance information book, designed especially for prospective exhibitors, has been completed and is ready for distribution.

## Suggested Remedy For Bill Board Nuisance

Former Tree Warden Reed of Riverside Suggests Drastic But Legal Remedy—Newspaper Advertising Proven to be Better and Cheaper Than Bill Board Monstrosities

BY J. H. REED IN RIVERSIDE PRESS.

The campaign against the bill board nuisance is being waged more generally, more vigorously and with better success in many places than ever before. Court decisions are more favorable, and ordinances for their control or abandonment more strictly enforced.

But what is even more encouraging, their use by advertisers is becoming less popular and insistent. The newspaper is being recognized more and more not only as the legitimate, but most effective means of advertising. The following clipping from a Cleveland, Ohio, paper, gives not only the opinion but actual experience of a Chicago theater manager.

Five weeks ago the management of the Columbia theater, a burlesque house, entirely abandoned billboard publicity. Since then it has confined its advertising strictly to the columns of the newspapers.

"We have been playing to an average weekly attendance of 11,000 since we quit using the bill boards," said E. H. Wood, manager, in discussing the change today. "Our business is better than ever," he continued, "and the patronage averages higher in the quality of its personnel. I attribute both these facts directly to a more generous use of newspaper space and to the consequent added dignity which burlesque of the better, cleaner class acquires thereby."

Mr. Wood was the first in Chicago to give up the use of lithographs in the windows of stores, barber shops, saloons and other places, and to abolish

the distribution of free tickets. Many local theatrical men sounded a warning against this innovation. They thought it altogether too bold and dangerous a step. Today nearly all the theaters downtown have quit the free list.

"More than a month ago," said Mr. Wood, "we took what appeared to be a still more radical step when we gave up bill board publicity. You may be sure I did not take this step blindly. I stood in the lobby of the house here day after day for a long time and asked many patrons as they came in how they came to be attracted to the show."

"Not in one single case did a man tell me he had seen or read our advertisement on a bill board. An overwhelming majority said they had read the advertisement in a newspaper. I am convinced from the answers I got from these patrons that fully 90 per cent of those who come to this house are regular readers of the newspapers in which we advertise, and for that reason I abandoned the bill boards."

It seems to me it is time for the few boards left on Riverside streets to be outlawed. While possibly a bare half dozen local men are directly interested in them, there are a thousand good Riversideans whose sense of sight is hurt every day, besides the thousands whose good taste is gradually demoralized by their constant presence. In Paris, France, a heavy tax is now imposed on all bill boards for the purpose of driving them from that beautiful city. Why should that not be the proper thing to do in Riverside?

## GOVERNMENT PROPOSED FOR SANTA ANA PROVEN EFFECTIVE

Government, to be effective, must be progressive. Unthought of conditions arise which need regulation or encouragement. Then again matters evolve which no man or set of people can foresee. These must come within the pale of government. The conclusion is inevitable from these premises that no city or other government has been or is permanently useful or satisfactory. The commission form of city government is in the right direction for at least some good reasons. In an age demanding that things "be done in order" it is systematic. Since we demand that the greatest or best result must be obtained, it is scientific. Because we seek the welfare of the largest number it is humanitarian. One of

the largest industries of our country is that of meat packing. The writer well remembers a remark of Mr. Armour as expressing the real element giving his business success. He said: "We use everything of the hog except its squeal." This was brought about by scientific management. This is the actual meaning of government by commission. "Proper authority is given to a responsible person for each department, who is held strictly to account for his acts. There is no dodging. He cannot hold office merely because he is elected for a term of years, he must make good."

Our transportation systems as all other enterprises where much capital is used and many people are employed, are made effective by the

ing of responsibility. Time and money must be accounted for. Waste must be prevented. Efficiency must be adequately adjusted. The result is sure—harmony and prosperity. In most cities the movies inconspicuously expended and this waste permitted is astonishing when measured by the scientific method.

Leavenworth, Kansas, had a very bad reputation. There was always turmoil and debt and dishonored officials and bled taxpayers. It is a new city under the commission form. In fact, the very people who had such grave forebodings are now enthusiastic supporters of that form. So it is with Kansas City, Chanute, Parsons, Topeka (the capital), Girard, the Socialist center, Wichita and others. Not one has the faintest thought of returning to the old system. As in commercial organizations built upon the scientific method, so these cities are prosperous and their inhabitants are a unit in making their cities better places in which to do business, bring up and education their children, and live. The business and moral atmosphere are excellent. Santa Ana will be bettered in like measure. In fact, it has more of a chance. It can become an ideal for all of California's cities and towns. Let it be published as "Santa Ana, the City in the Front Rank."

### Evening Whist Club Members Enjoy Dinner and Cards at Hospitable Home

Poinsettias, scarlet and glowing, beautified the attractively laid table on which a six o'clock dinner was served Friday evening for the members of the Evening Whist Club at the Chestnut avenue home of Mr. and Mrs. John W. Carlyle. Cudding Dutch place cards guided the guests to their places, eighteen covers being laid.

Those at the table besides the host and hostess were Mr. and Mrs. Hiram D. Connell, Mr. and Mrs. Maurice Yarnell, Mr. and Mrs. W. A. Hugg, Mr. and Mrs. Arthur H. Lyon, Mr. and Mrs. Park S. Roper, Mr. and Mrs. J. D. Thomas, Mr. and Mrs. Jack Porter, Mr. and Mrs. Collier.

The card games developed the usual interesting contests with Mrs. Parke Roper and H. D. Connell winning first prizes for their excellent scores, consolation trophies going to Mrs. J. D. Thomas and Maurice Yarnell.

## Minster Gullies

Daniel O. Minster and the winsome little lady whom he had chosen for his bride from Santa Ana's "rosebud garden" of girls, quietly left in the middle of the week for San Diego, where he and Miss Mamie Lola Gullies, the girl of his choice, were united in the holy bonds of matrimony, on Thursday, Dec. 6, 1912.

The young couple, thinking to surprise their friends, returned to Santa Ana two days later, but it was the bride and bridegroom who were surprised, for they were greeted with showers of rice in evidence of the fact that the purpose of their trip to San Diego had become known. Yet they arrived at a fortunate time for them, as for two days nearly every incoming train from San Diego had been met by a larger crowd than greeted them on the day of their arrival.

## SURPRISE PARTY

### Jefferson School Teachers Planned Happy Surprise on Prof. and Mrs. Beswick

A surprise party for Prof. and Mrs. B. F. Beswick of Jefferson school was delightfully carried out last Friday evening by the teaching staff of that school. The Beswicks were made sure of by Miss Hamaker and Miss Leonard who informed them that they would spend the evening at the Beswick home. Immediately the ladies were pressed to go early enough to join in the evening meal. Fearing their plans might be suspected if the supper invitation was refused, the teachers accepted, thus getting that much the best of the rest of the teachers who had joined in the surprise party project.

All went well with the Beswicks and their two guests, a pleasant supper hour was enjoyed, the dishes "done up" and properly put away before the peal of the door bell announced an arrival. The opening of the door revealed the laughing, merry group of teachers ready to invade the Beswick home. The house was stormed, the Beswicks capitalizing without a struggle, informal merry-making and conversation kept everybody interested and as a climax to the jolly evening the visitors produced a fruitcake, delicious home-made candy and other refreshments.

The teachers present were Misses Hamaker, Leonard, Barclay, Tedford, Collings and Mrs. Bruce. The other members of the teaching corps were unavoidably detained from the jolly event.

# Music and the Drama

(By Herman Reuter.) "A Butterfly on the Wheel" was presented Saturday evening for the benefit of the faithful few of Santa Ana who still have a taste for good acting and good drama. It was a rare, delicate evening, despite the absence of a well written play. But who would not rather, in these days of musical (so-called) comedy and nauseating melodrama, see a bad play "A Butterfly on the Wheel" is not a bad play, merely an unoriginal one) well acted than a bad play, badly acted?

Mr. Everett Maxwell, one of the most acute critics of the West, in a recent article on vaudeville in the West Coast Magazine, said that all the really great plays of the world can be told in one act. I am not certain that I agree with Mr. Maxwell on this point, but I will say that if "A Butterfly on the Wheel" is a great play, which I doubt very much indeed, it could easily have been told in one act. The trial scene, which is the whole of the third act, is one of the most poignant, nerve-wracking scenes I have ever encountered. It could easily be given as a complete one-act as it stands. Everything that has happened before the curtain rises on the first act and that happens before our eyes thereafter, is threshed out in the courtroom scene. Despite a deal of tiresome twaddle about luggage, wrong trains and letters (things we thought had long been relegated to the scrap-heap of farce) the scene grips you. The picture of Percy Adamson on the witness stand, grilled by the merciless cross-fire of Adamson's counsel, haunts you like a bad dream.

The play, as it stands, is a curious mixture of farce and washy drama. The plot can be told in two words, eternal triangle. This theme is not by any means exhausted, but to "get over" it must be handled in a much less commonplace way than is "A Butterfly on the Wheel." Only in that unforgettable third act, where the authors, Messrs. Hemminger and Neilson, are at home, does the play become genuine drama. The men who wrote the play had a real theme—the unsatisfactory condition of the divorce courts in England—but they failed to present their problem by neglecting to surround their vital third act with first, second and fourth acts of sufficient verity and originality.

"Just enough comedy to make it interesting," was a remark I chanced to overhear just after the second act. A just, though unconscious criticism. A play purporting to be serious, whose dramatic incidents are insufficient to hold the undivided interest of the audience, and which must depend on comedy, albeit good comedy, for that interest, lacks the unity of effect that should be the property of all good art. In a comedy let us have comedy and smiles and laughter; in drama let us have drama and intensely interesting events; in tragedy, tears. Let us not spoil the unity of a play by injecting that which does not belong.

The acting Saturday night, with possibly one exception, was splendid. The work of the players was of the kind that impresses you with a sense of satisfaction and finality. The company is composed of people who have mastered their art. Most of the actors spoke their lines intelligently and with a delightful English accent. It is only too true that the majority of American actors have a sad habit of slipshod enunciation. So unaccustomed are we to hear the English language delivered over the footlights as it should be, that, at first, we positively had difficulty in understanding the actors.

Dorothy Lane, as the Butterfly, was magnificent. I can say no more. She has a very attractive personality. Her very look, in the third act, was appealingly pathetic.

have seen, ample opportunity for the display of his powers to make people laugh. The gracefully awkward way he has of propelling his gauntness about the stage, his gestures and his woe-begone expression of face, are truly delightful. Stanley Warrington, as Sir Robert Pyffe, Adamson's counsel, during the time he was on in the trial scene, showed careful study of the methods of what we in America call prosecuting attorneys. His cold, hard, impersonal manner was absolutely true to life. The Rodrick Collingwood of J. Malcolm Dunn, was very satisfactory. Mr. Dunn played the part in just the way we liked—not in the least repulsive, nor too calculating.

The one false note in the acting was struck by Alys Rees, who, I am sorry to say, played Lady Atwill very melodramatically.

All in all it is difficult to see how we could wish for better dramatic fare than was offered by "A Butterfly on the Wheel."

## GOOD WORK BY HELLO GIRL

Night Operator in Anaheim  
Office Saved Building  
From Burning

ANAHEIM, Dec. 9.—The

operator of the Sunset Telephone Company, doubtless saved one of the central business blocks from being destroyed by fire Saturday morning. At 2 o'clock Miss Lemon noticed the reflection of a light at the rear of the building and thought it was the flash of a burglar's lantern, who was seeking entrance by the rear door. When she passed into a rear room she saw a blaze near the top of the wall. With the heavy wind that was blowing there was no time to be lost in putting the blaze out. She turned the red light, a signal that something is wrong. This brought two night watchmen, who discovered that the blaze started from the stove pipe where it entered the wall.

The fire was apparently extinguished by chemicals and the crowd which had gathered left and Miss Lemon was alone again in the building. At 5 o'clock the blaze started once more, but with the aid of the night watchmen, who succeeded in climbing to the ceiling by means of a ladder and a table, the fire was again extinguished. To add to the excitement, at 2 o'clock in the morning, Miss Lemon was without a light and the room was in total darkness, as the wind had blown down the electric light wire. She used matches to see the switchboard as the numbers were turned in. Miss Lemon refuses to have a gun handy, as she says she is not timid, with the telephone service at her command.

## WORKS TO CRITICIZE ROOSEVELT AND TAFT

WASHINGTON, Dec. 9.—Criticism of Col. Roosevelt and the Progressive Party and of President Taft is expected in the Senate early this week from Senator Works of California. It is understood he has prepared a speech based on the revelations of campaign contributions and expenditures, and he is expected to deal vigorously with the subject.

In the trial by impeachment of Judge Robert W. Archbald of the Commerce Court, efforts will be made to hasten the presentation of testimony. Senators are skeptical as to the possibility of conducting the trial before the Christmas recess.

## GARAGE FIRE LOSS OF \$300

Insurance Policy One Day Old  
on Building That Was  
Aflame Yesterday

ORANGE, Dec. 9.—Yesterday fire broke out underneath the floor of the Ford Garage on South Glassell. The flames were put out after a loss of \$300. The building belongs to H. Schaffert. Insurance ran out last week, and a new policy was taken Saturday at a higher rate because the building contained a garage.

The floor was tight, and spontaneous combustion must have been the cause of the fire. Three streams of water were turned on the fire from the city's new apparatus and water system, showing excellent pressure.

## HIGH WIND CAUSED HAVOC AT AVALON

5 Fishing Launches, Score of  
Small Craft Sunk; Buildings  
Much Damaged

AVALON, Dec. 9.—The steamer Hermosa landed her passengers at Avalon yesterday for the first time since last Wednesday, owing to a high northeast gale which only subsided Saturday afternoon.

As a result of the storm, five fishing launches have been destroyed either by sinking or being pounded to pieces through the terrific force of the waves, and more than a score of smaller craft have been lost, among them being the Julius Caesar, owned by C. Delmonte, the old Italian sand fisherman.

Another boatman to suffer was John Kasser ("Yellowtail Johnny"). His Dragon went to pieces, the engine sinking in forty feet of water.

Damage to the buildings along the front has been considerable, the Banning Company's bath house being wrecked along with a portion of the Mathewson boat building shop and the Tuna Club.

The road leading from Avalon to Pebble Beach has been entirely washed out.

## SETTLED AND CASE DROPPED

Embezzlement Action Against  
John C. Keefe Off the Books  
at Milwaukee

The charge of embezzlement against John C. Keefe of West Orange has been dismissed in Milwaukee, where it was brought. A Milwaukee dispatch says:

"MILWAUKEE, Dec. 7.—John C. Keefe, aged 67, who was brought here from Orange county, California, where he had established a prosperous lemon farm, in answer to a charge of embezzling \$4000 from two girl wards, had his case dismissed today by making restitution in the sum of \$2750.

The plaintiffs, Catherine and Elizabeth Dunnigan, now reside in Chicago. It is understood that Keefe's friends contributed much of the money restored. He formerly was a well-known lawyer here.

## CHURCH FELL 100 YEARS AGO

Mass Being Said for Forty  
Who Died in Disaster at Mission San Juan Capistrano

San Juan Capistrano today is observing the hundredth anniversary of the fall of the mission.

One hundred years ago, during a mass, there came an earthquake that shook down the bell tower at the south end of the mission church, the finest mission church ever built by the padres in California. Forty native Christians were killed in the collapse of the south portion of the church. The padre in the chancel escaped.

Yesterday there were special services at the old mission church, the bells that fell in the earthquake 100 years ago today being rung by the old bell-ringers of the mission.

Today in the ruins of the old church, mass is being said for the souls of the forty persons who were killed in the disaster. Several visiting priests are in attendance.

## WAS KILLED BY A TRAIN

J. E. Rennison of San Onofre, brother-in-law of W. T. Mitchell of Halesworth street, Santa Ana, was killed Saturday afternoon by a Santa Fe train. Rennison was section foreman at San Onofre, and was riding a railroad velocipede to his home and was on the trestle but 50 yards from home when he was struck by the train and killed. The funeral was held here today. He leaves a wife and little daughter. Mr. Rennison had been employed by the Santa Fe for about seven years. He lived here a short time six years ago.

Mr. Rennison was considered a very faithful, competent man by those with whom he was connected.

League Meeting Put Pasadena  
Out of It—Long Beach Will  
Not Play It Off

COACH RATCLIFFE  
ABOUT THE BEST

Rules of League Put Long  
Beach and Santa Ana Even  
in First Place

(By F. H. Mitchell)  
The Southern California Intercollegiate Football League meeting has come and gone, but so far as settling the championship is concerned it was a failure. They knew that the championship lay between Long Beach, Pasadena, and Santa Ana boys. They also knew that when it came to a meeting of the Crown City eleven would be eliminated on account of a tie game played with Whittier High, thus leaving it between Long Beach and Santa Ana.

"Shorty" Smith, manager of the local Blackbirds, says that the league players are willing to play so that it can be settled. But, Russell, head coach, will not let anything like that go through. While it has not been definitely settled it is a 10 to 1 bet that the Long Beach aggregation of football heroes will never meet the locals on the gridiron again this season.

In the eyes of the public the Red and White defenders now have the best claim to the pennant. Each leader has played seven league games in which Santa Ana has scored more points than any other school and has been shut-out to three that they were scored against, one of which was a defeat by Long Beach, the only game that was lost.

The Team Itself  
Coach Ratcliffe is easily one of the best football coaches in the South and it has been proven by the human machine that represented the local high school on the gridiron the past season. The eleven this year will give the boys something to talk about.

for months to come. The fighting spirit showed by the locals was great. One of the biggest helps was the school spirit displayed by the students, the rooters' club and the high school band. There was more school spirit shown this year than in the history of the local high school.

Of the players, "Tiny" Barker is no doubt the most talked of high school player in the south. Barker with his 210 pounds of bone and muscle was like a huge pile driver, for when he went at the line something generally gave. The large scores piled up by the locals can be largely credited to Barker, for it will be noticed that "Tiny" will be credited with most of the touchdowns.

The halves, "Spud" Morrison and "Shorty" Smith were good men to work with Barker as they could be depended on for end runs, just as Barker for line bucking. Smith was a hard line bucking himself and woe be unto him that happened to be in the way. "Spud" Morrison, although not a giant was one of the fastest men on the team. His dodging and the speed with which he went around the ends brought the rooters to their feet more than once.

Two men were out at quarters. "Noox" Tedford was the man started a regular quarter, but an injury in the early part of the season put this important position upon Bert West, who handled the position well. He used his toe to a great advantage. His toe won one game that kept the locals in the race.

And now "Capt. Bill" and his comrades on the line. The line men were something that will be hard to beat because these fellows took the heavy charges of the enemy and generally held. Bill Warren as captain and center was the big man in the line. He often got his man. His passes were always true.

Dick Whitson and "Dutch" Holzgrafe were two fast tackles, who hit hard enough to make things give and make a hole for the man with the ball. When the opponents had the ball there were few men that got past these two fellows.

Selph and Eaton as guards are two players worthy of much credit. The opposing backs always had great respect for these two men for they never failed to do their best, which was considerable.

The ends, Pinkey Timmons and Robby Robinson are little but mighty and plucky. They were always in the game from start to finish. Among the subs, "Jug" Walters, Hughes, and "Fat" Catland showed up as the best. But all the men that got out and worked deserve great credit for they helped to make the team.

This is the team tied for the championship, according to the league meeting of Saturday.

The Times had the following concerning the meeting:  
At a meeting of the Southern California Intercollegiate Football Conference, held at the Los Angeles Y. M. C. A. yesterday morning, it was decided that Long Beach High and Santa Ana had tied for the championship and Pasadena was third.

After a prolonged session, which lasted until after 2 o'clock, the Pasadena representatives finally relinquished all claim to the league title, but insisted that the tie should not be played off, as there was no provision made for such a condition in the constitution of the league.

Pasadena claimed that the tie game with Whittier was to have been played off, but that the conference officials forbade it; and that the tie for the championship should also remain unsettled.

C. W. Russell, faculty athletic manager of Long Beach High School, and president of the conference, stated that as there was no provision in the constitution for the playing off of a tie game or a tie for the championship, he believed it would be to the interest of the organization to let the result of the season's play stand, with Santa Ana and Long Beach tied.

Prof. Russell further declared that other student activities were coming on and that several of the players would be ineligible to play next Saturday and the following Saturday, and that the Christmas vacation would be on.

Coach Ratcliffe of Santa Ana High agreed with the president and corroborates his statement to the effect that football was played for the sport of the thing and the development of all the powers of the high school athlete and that the championship was of minor importance.

Capt. Warren of the Santa Ana team and Capt. Lenz of Long Beach expressed themselves as disappointed at the opposition of the faculty manager to the contest, but in a sportsmanlike manner agreed that after all, it was better for the game. Santa of the Santa Ana players insisted that Long Beach should play, as the members of the team had accepted the challenge; but at Long Beach High the students have no authority to make arrangements for athletic contests without the consent and approval of the faculty manager.

The fact of the matter is, members of both teams are anxious to play and the eleven were to go into active training tomorrow. Coach Elliott of Long Beach had his men out Friday afternoon and Coach Ratcliffe called his men together and definitely stated that practice would be resumed tomorrow afternoon.

TWO VICTORIES  
FULLERTON'S

Basketball Games Held Satur-  
day Were Taken by North  
End of County

(By Vern Smith.)

Girls score 18 to 16. Boys—40 to 15.

Score 18 to 16 was the result of a fast and snappy basketball contest between the girls of the Fullerton High School and Santa Ana High. This is the first of the interscholastic Conference league games to be held at Santa Ana, and in spite of the strong wind the girls did great work. On account of the wind the Santa Ana girls have been unable to practice the last week, and for this reason they were not in perfect condition. Both teams put up a sassy fight and at the end of the last third the score stood 16 to 10. On a disagreement of the time keepers, the referee decided to play the game until one side scored. After five minutes of very desperate playing, Miss Sherwood of Fullerton succeeded in tossing a basket, making the score 18 to 16 in their favor. The Santa Ana girls deserve much credit for the fine showing against the Fullerton team, as it is said to be the best in the county.

There is some consolation in the fact that Santa Ana will get another crack at the Fullerton team some time later, and it is assured that the decision of that game will give them the little end of the score.

The baskets were thrown by Miss Pavlich and Miss Visel, both doing excellent work. Miss Pavlich has a record of throwing eight baskets, while Miss Visel threw two.

The line-ups when the game started were as follows:  
S.A.H.S. F.H.S.  
Visel F Sherwood  
Malan F Klahn  
Pavlich G Kraemer  
Robinson G Kreighbaum  
Jaques LC Dusenbury  
Lutz RC Knowlton

Boys' Game  
Score—40 to 15.

Sad, but nevertheless true. The reason offered for this score is the fact that there is not enough time between football and the track season to work up a good basketball squad. Again, all the good basketball men either turn their interest toward football or track, and accordingly there is not much interest in basketball. However, with the amount of training the basketball team has had, and considering the bad effect the wind had on the Santa Ana High boys, they put up a glorious fight and made the Fullerton aggregation feel as though it was no walk-away.

It was simply a matter of two months' coaching against two weeks' coaching, but through and through, Santa Ana played a fair game when this is taken into consideration.

The baskets were made by Porter, Ford, Ortega, Goban and Hale, all of the Fullerton team. Criddle and Phillips made the baskets for Santa Ana, Criddle throwing eight and Phillips three.

The line-ups at the start were as follows:  
S.A.H.S. F.H.S.  
Phillips F Ortega  
Jayne F L. Porter  
Criddle G Ford  
Wilcox G Weton  
Swift C H. Porter

PROFESSIONAL POOL  
PLAYER DEFEATED  
BY A LOCAL PLAYER

O. J. Mills, the pool expert who has appeared at the Orpheum stage for several seasons exhibiting fancy shots, more than met his equal in this city Saturday night when he was matched against Ellis Smith, who is considered to be some pool player himself.

Mills was advertised to play for 100 points with a run of 20 or no count. In this match Smith beat him badly. Mills only made one run of 15 while Smith made several runs of over that number. Smith asked him to play evenly, but Mills begged off from what would undoubtedly have been a defeat for him.

R. R. DISSOLUTION  
TO CAUSE SHAKE-UP

Dozens of New Jobs Created  
by Dissolving U.P. and S.P.  
Merger to be in 90 Days

CINCINNATI, O., Dec. 9.—Anticipating the order of the Supreme Court dissolving the Union Pacific and Southern Pacific, all is activity within the circles of the offices of these two roads in Cincinnati. That the management of the roads had a premonition of the divorce of the two lines is shown by the fact that the consolidated offices were maintained in but six cities—Cincinnati, Pittsburg, Cleveland, Chicago, St. Louis, and Birmingham, Ala.

Cincinnati will be the center of the dissolution which was ordered to be accomplished within ninety days. Twelve men, including ten passenger and freight traveling representatives and two city solicitors, report to General Agent W. H. Connor, who has represented the roads in Cincinnati since they were merged over eleven years ago. When the divorce of the Union and Southern Pacific is accomplished, it is anticipated that at least a dozen new positions will be created.

From present indications each road will station a general agent in the Cincinnati territory as that is regarded as the keystone of the traffic to the Pacific coast. As the offices in the other five cities will be separated, it is expected that about fifty new positions will be created. Indications are that men now con-

nected with the offices will be given the better positions that are open and that civil service rules will apply to all phases of the reorganization. Until orders are received from the executive offices, however, none of the men will know which road has retained them in the service.  
The men will be treated to a novelty, as they will get letters from one road notifying them that their services are no longer needed, while a second letter from the other road will tell them that they have been retained in the service and to which officially they are to report. In most cases it will be "fired and hired" in one envelope.

MILITARY AVIATOR  
IS SHOT BY TURKS

French Airman Slain in Air  
While Flying for Bulgars  
First of Kind on Record

VIENNA, Dec. 9.—The first military aviator to be killed by enemy shots while flying is Dr. Jules Constantin, former assistant to the famous Paris surgeon, Doyen.  
Constantin was a Frenchman in the service of the Bulgarians and had been given a medal for bravery by King Ferdinand.

On his last flight he left Sturma near the Tchatalja lines with the object of dropping bombs on the Turkish troops. When the biplane descended Dr. Constantin was found dead with a wound in his breast, but still holding the steering gear. The wings of the machine were riddled with shot and the barograph showed that he had sailed to a height of 4000 feet over a Turkish fort, from whence the shots apparently had come. He retained strength enough, however, to guide the machine back to the Bulgarian camp.

DUCHESS' TOMB PROFANED  
TURIN, Dec. 9.—The profanation of the tomb of the Dowager Duchess of Genoa, the grandmother of King Victor Emmanuel, was the work of thieves who showed an intimate knowledge of the map of the city according to the authorities. The thieves opened three coffins, using acids to melt the metal. They removed the earrings from the body of the Dowager Duchess, and in doing so mutilated one of the ears.

Trustees of the City of Santa Ana, California, by and through the SOUTHERN COUNTRIES GAS COMPANY, for a certain franchise granting the right to lay down, and for a period of 25 years to maintain a system of gas pipes in certain portions of the City of Santa Ana, hereinafter mentioned, and through said gas pipes and conduits commercial gas for light, heat and fuel, together with certain appurtenances and incident rights, and that it is proposed by said Board of Trustees to offer for sale and grant to the highest bidder said franchise, upon the terms and conditions hereinafter mentioned.

A franchise to lay down and for a period of 25 years to maintain a system of gas pipes under and along the streets, alleys and highways within the City of Santa Ana, State of California, and to manufacture and to furnish and to distribute gas through said pipes and pipe lines under and along the streets, alleys and highways, to persons, firms and corporations in said City of Santa Ana, for light, heat and power, and to furnish, sell and deliver the gas so furnished in the City of Santa Ana.

That the terms and conditions upon which said franchise will be offered for sale and granted, are as follows: and the grantee of said franchise, or assigns, shall be required to file a written statement of the terms and conditions hereof with the Clerk of the Board of Trustees of said City of Santa Ana, within 10 days after the passage of the ordinance granting the same.

That all the pipes and pipe lines to be laid and maintained under this franchise shall be of good material and workmanship, and of sufficient size to supply all persons residing along the lines of said pipes and pipe lines, and to furnish the same with an adequate supply of gas for domestic purposes, and that the gas to be furnished through said pipes and pipe lines shall be of good quality, free from all injurious ingredients, and of sufficient purity to be suitable for domestic use.

That the grantee of said franchise, his successors or assigns, shall upon request from any person residing along the lines of said pipes and pipe lines, or more dwellings within 500 feet, and to five or more dwellings within 700 feet of any of said pipes or pipe lines, furnish the same with an adequate supply of gas for domestic use, and shall be required to make the connection and for furnishing gas, furnish to such person an adequate supply of said gas for domestic use.

That the Board of Trustees of the City of Santa Ana shall have the right to regulate and fix the charges of said franchise, his or its successors or assigns, for gas furnished and distributed through said pipes and pipe lines, provided that the rates so to be fixed shall be reasonable.

That the grantee of this franchise, his or its successors or assigns, shall have the right to construct and maintain such traps or manholes as may be necessary to afford proper access to said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the ground, and so located as to conform to any order of the Board of Trustees in regard thereto, and not to interfere with the use of the highway for travel. The grantee of this franchise, his or its successors or assigns, shall have the right, subject to such regulations as are now in force, to excavate, to make all necessary excavations in said highways for the construction and repair of said pipe lines, traps and manholes.

That every pipe laid or maintained under this franchise shall be laid not less than 18 inches underground, and unless the Board of Trustees shall otherwise direct, shall be laid along the side of the highway, and shall be within 15 feet from the property line of the lot on which it is laid, and within 5 feet from the curb line in all other streets, and that during the laying or repairing of any gas pipes, any trench or excavation made for that purpose shall, at night time, from sunset to sunrise, be barricaded and protected by lanterns and flags, and shall not be more than 100 feet apart along such trench or excavation.

That on twenty (20) days notice by the Board of Trustees of the City of Santa Ana, that a street is to be paved, whereon a gas main is already in place, said grantee shall be required to lay service pipes to the curb in front of each lot on said street, not already so supplied. That when notified by the Board of Trustees to do so, said grantee shall extend, at its own expense, its gas mains and service pipes a distance of one hundred (100) feet from the curb line to the lot, and for two consumers, three hundred (300) feet for three consumers, four hundred (400) feet for four consumers.

That the work of laying or repairing any gas pipe or other appliance, shall be conducted with due regard to the safety of the use of the highway for purposes of travel, and as soon as the laying or repairing of any pipe or other appliance is completed, the surface of the highway which have been excavated or otherwise injured thereby, shall be placed in as good condition as when the same were first laid, and the grantee of this franchise, his or its successors or assigns, shall be required to pay the cost of such repairs.

That the City of Santa Ana reserves the right to change the grade of any highway over which this franchise is granted; and the grantee of said franchise, his or its successors or assigns, shall be required to change the location of all pipes and other appliances laid hereunder, so as to conform to such change of grade.

That if said grantee, his or its successors or assigns, shall fail to comply with any instructions of said Board of Trustees with regard to the location of any of said gas pipes or other appliances, or the repair or any damage to highways, within ten days after the service of written notice upon said grantee, his or its successors or assigns, requiring compliance therewith, then said Board of Trustees may immediately cause the same to be necessary to carry out said instructions, at the cost and expense of said grantee, his or its successors or assigns, which cost, by acceptance of this franchise, said grantee, his or its successors or assigns, agrees to pay upon demand.

That no deposit for gas meters shall be exacted or required from the owners of dwellings, by the grantee of this franchise, as security for the return of gas meters, or as security for the payment of rates charged by said grantee to said owners of property, provided, however, that said grantee may exact a deposit from renters of real property using the gas of said grantee as security for meter and gas rates charged, not exceeding a deposit of \$5.00.

That the said grantee, and its assigns shall be liable for any damage to persons or property, or by reason of the construction or maintaining of said gas pipe or plant, or laying said pipe line or lines.

**FOR SALE**

The Tract known as Flower Street Acres. Fronting on South Flower St. Directly west of the Poly Tec. High School grounds.

I have had this tract Surveyed and Platted several times during the past 2 or 3 years for the purpose of subdivision and under every kind of a pretext, or without pretext, the City Trustees have Turned me down five times.

Now I would not accuse the majority of the City Trustees of "doing politics" or of refusing me a square deal, but when they defer to, and accept the conclusions of a committee consisting of two trustees, reinforced by the City Engineer, and decide against every reasonable proposal I make, I run up against a combination that is too big for me (as I weigh something less than 113 pounds with my boots on).

Therefore, I offer the above named ranch for sale (less one acre already sold) on easy terms.

For any one who has a "pull" with our city government this is the best thing in the city for subdivision.

successors or assigns shall, during the life of said franchise, pay to the City of Santa Ana, in lawful money of the United States, two percent (2%) of the gross annual receipts of such grantee, and his or its successors or assigns, arising from its use, operation and possession of said franchise. The first payment of such percentage shall be for the period of one (1) year, following the passage of the Ordinance granting this franchise, and thereafter annually during the life of this franchise, it shall be granted to a person or corporation exercising rights already on the streets of said City, or the renewal of a franchise already granted, otherwise said payments shall begin immediately after the granting of said franchise to any person or corporation after the passage of an ordinance granting said franchise, and annually thereafter during the life-time of said franchise.

The amount of the gross receipts of the person or corporation to whom this franchise is granted or awarded, arising from its use, operation or possession, shall be deemed to be the gross receipts of the grantee of this franchise, or its successors or assigns, and the rates charged for the sale and consumption of gas or gas product, used and consumed by the corporate limits of the City of Santa Ana.

It shall be the duty of the grantee, his successors or assigns, when such person or corporation is granted, renewed or City Clerk of the City of Santa Ana, at the expiration of one year from the passage of the ordinance of said Ordinance granting said franchise, and at the expiration of each and every year thereafter during the life of said franchise, a statement of the gross receipts of the person or corporation to whom this franchise is granted or awarded, or received, or in any manner gained or derived by said grantee, his successors or assigns, during the preceding twelve months, from the charges and sales of gas sold and consumed by the customers of grantee and incomes or any other business, from the charges and sales of gas sold and consumed by the customers of grantee and incomes or any other business, in connection with the business covered by this franchise in the City of Santa Ana; and within fifteen (15) days after the time for filing the aforesaid statement, it shall be the duty of said grantee, his successors and assigns, to pay to the Treasurer of the City of Santa Ana, the aggregate sum of such percentage upon the amount of the gross annual receipts arising from the use, operation and possession of said franchise, and which may at the time be owing to the said grantee from any such person or corporation, computed in the manner hereinbefore provided; and upon any neglect, omission, or refusal by said grantee, his successors or assigns, to file said verified statement, or to pay said percentage of the said gross annual receipts, this franchise shall thereupon terminate, and all rights thereunder granted by said City, shall thereupon cease, but the right of the City to enforce the collection of such percentage shall remain, and the same may be enforced according to law.

That the said grantee, his successors or assigns, shall within ten (10) days after said franchise is granted, execute and file with the Board of Trustees of the City of Santa Ana, a bond running to the City of Santa Ana, in the sum of Twenty-five Hundred Dollars (\$2,500.00), conditioned that said grantee, his successors or assigns, shall well and truly observe and fulfill and perform each and every term and condition of said franchise, and shall pay the penalty sum therein named shall be taken and deemed liquidated damages, and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed the award of said franchise will be set aside, and any money paid therefor or which may be expended by the City of Santa Ana, shall be forfeited to the City of Santa Ana, and shall be considered an exclusive franchise.

That said grantee, or his or its successors or assigns, shall not sell, transfer or assign said franchise, or any of the rights or privileges granted thereby without the written consent of the Board of Trustees, and no such sale shall be consummated, except by a duly executed instrument in writing, filed in the office of the Board of Trustees of the City of Santa Ana, and nothing in said franchise contained shall be construed to grant the said grantee, his successors or assigns, its assigns, any right to sell, transfer or assign said franchise, or any of the rights or privileges granted thereby, except in the manner aforesaid.

That any neglect, failure or refusal to comply with any of the conditions of said franchise, as herein set forth, shall, ipso facto effect a forfeiture thereof, and the City of Santa Ana, by its Board of Trustees, may therefore declare said franchise null and void, and may grant said franchise to his or its successors or assigns, shall thereupon and immediately surrender all rights in and to said franchise, and said franchise shall be deemed, and shall remain null, void and of no effect.

That the bids received will be opened at the City Clerk's office, at 10 o'clock on the 18th day of November 1912, for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person or corporation who shall make the highest cash bid therefore; provided, only, that at the time of opening said bids, there shall be no person or corporation present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor; and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and the successful bidder must deposit at least ten percent of the amount of his bid with the City Clerk of said City of Santa Ana, before said franchise shall be struck off to him, and if he shall fail to make such deposit immediately, his bid will not be received, and will be considered null and void, and said franchise will then be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

Said procedure will be had until said franchise is struck off, sold and awarded to the bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four (24) hours after the acceptance of his bid, the sum of \$2,500.00, in gold coin of the United States, as security for the performance of the conditions of said franchise.

For further particulars reference is hereby made to said Resolution of Intention No. 549, dated November 18th, 1912, on file in the office of the City Clerk of the City of Santa Ana. Notice shall be published for six (6) days in the "Santa Ana Daily Evening Register," being the newspaper designated by said Board of Trustees for such publication.

**Strength**

The strength of a banking institution consists not alone in its financial resources but also in the character and ability of its officers and directors and in the confidence and loyalty given it by the community of which it is a part. These banks are pre-eminently strong in ALL respects.

**Service**

The proper conception of a banking institution's duties and privileges includes service to its community. A bank must pay its stockholders a fair rate of interest in order to secure and hold investments in its stock; but its duty does not end here; it must also render REAL SERVICE to its community in the way of public enterprises and private support. These banks point with pride to their records in these respects.

**Solvency**

A banking institution to be really and truly solvent must have more and other assets than merely money and credits in excess of its money liabilities. It must have a surplus of character, a reserve fund of reputation, a credit balance of experience, large and moral resources. These banks invite examination as to their moral solvency.

## THINKS IT WILL BRING 100 FAMILIES TO ORANGE COUNTY

COLISEUM, CHICAGO, Dec. 1.—This has been the quietest day at the Land Show since it opened. Not more than 8000 people attended today. There were two causes which might account for the light gate receipts. It was Monday, and rained most all day, and people here are not prone to wander out in the inclement weather. Michigan boulevard in Chicago is one of the eight places of this great city. It is about 12 miles long, 40 feet wide, and paved as I have never seen a driveway paved before. It is built of a crushed stone base, and surfaced with oil and sand, and is almost as smooth as polished marble its entire length. No street car tracks are permitted to mar its beauty, or jeopardize its reputation for being the most renowned speedway in the world.

I intended going out to the fat stock show, which has been in session all week, but I haven't found an opening in the work large enough to permit me to break through.

December 4—Two very good days, and no cessation in the interest and inquiry about Southern California. The management gave a banquet at the La Salle Hotel, from 5 to 7 p.m., this evening, and I chanced to be honored with the responsibility of representing the Southern California exhibit.

The luncheon was served in the "blue room" on the eighteenth floor, and I am not sure but it was an eighteen course affair. At any rate, two hundred of us, between me and you, did ample justice to the menu. The building tonight was thronged almost to its capacity. People jostled, jolted and elbowed their way through the aisles and hall ways in an earnest quest for information. The way they carried off our literature was a sight to gratify the advocate of using printer's ink. I brought about 8000 pieces of Orange county literature with me, and I am compelled to "husband" it in order to have any left for the closing day. I put a stack on the counter and it would melt away like a snowball on a summer's day. If this work does not locate at least one hundred good families in Orange county within the coming twelve months, then I am no judge of coming results, and am therefore disqualified from the lofty and honored position of "prophet."

As I retire, at 1 a.m., it's raining like blue blazes, and this does not augur well for the morrow.

Yours truly,  
D. W. McDannald.

## MAY PROVE FATAL

When Will Santa Ana People Learn the Importance of It?

Backache is only a simple thing at first. But if you find 'tis from the kidneys. That serious kidney troubles may follow. That dropsy or Bright's disease may be the fatal end.

You will be glad to know the following experience.

'Tis the statement of a Santa Ana citizen.

E. O. McKinney, 824 E. Third St., Santa Ana, Cal., says: "For over a year I suffered from pains in my sides and it seemed as if a knife was being thrust into me. I thought that the trouble was caused by heavy lifting, but I was unable to get relief. Acting on the suggestion of a party who had used Doan's Kidney Pills, I procured a box at Dean's Drug Store (now Wheeler & Mateer's Drug Store). Finding relief, I continued taking them and it was not long before the pain had ceased. The passages of the kidney secretions were also regulated and my kidneys were restored to a normal condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

Match By Matches

He had gotten as far as "marriage is an honorable estate," when the match went out, but after maneuvering enough glim was secured from the waiting car to conclude the ceremony. "All aboard," shouted the conductor, who had been so interested in

## Married Twice in Two Counties Sets Record

Los Angeles Times: Married twice in as many hours by the same clergyman, but in different counties, the second ceremony being celebrated shortly after the ghostly midnight hour Thursday morning, just over the Orange county line, while the wind howled a weird wedding march across a deserted cabbage patch and the words of the service were disinterred from the written page only by the aid of flickering matches scratched upon the place provided by nature for the purpose. Such, in brief, is the story of the wedding night of George M. Southwick, rate expert in the auditing department of the Los Angeles aqueduct, and Miss Bertha G. Gough of this city.

While the wedding party, consisting of the bride and groom already half married, the minister and the witnesses, were fighting the elements on the wildest night of the year in a determined effort to comply with the law, a party of relatives and friends waited at the home of the groom—waited, and wondered, and finally, one by one, departed into the turbulent night.

When Southwick and Miss Gough decided to marry they plotted, as lovers will. "Ha, ha," quoth they, "We'll fool our friends. We will get a Santa Ana license, and tag it with a Los Angeles wedding. Then the record will not be published here, and no one will be any the wiser."

So it came to pass that with the license safely tucked away and with E. L. Nance, also an aqueduct man, and his wife, Mary R., along for witnesses, the Rev. George C. Harris, who has recently taken charge of the Woodlawn M. E. church, was visited in his study at No. 3822 San Julian street, and in a few minutes Miss Gough had become Mrs. Southwick, or thought she had.

Ha! 'Tis No Joke!

The pastor waxed reminiscent over the congratulations. "Good joke the other night," he said, "a couple came here to be married, but they had an Orange county license, and I could not do a thing for them. Pretty

## EXAMPLE OF RAPID ADVANCE IN VALUES

BALBOA, Dec. 9.—A concrete example of the rapid advance in real estate values in Balboa was the selling by F. W. Thornton of a lot on the corner of Speedway and Main street for a reported consideration of \$4000. This same lot was purchased by Thornton two years ago for \$1900. Among other transfers of the week was that of a water front lot on Bay avenue to Mrs. Mollie Berger, and of a lot to Mrs. M. S. Hancock of Hollywood. Both purchases, it is said, intend to build bungalows on their sites. The sale of ten lots in Balboa is reported by E. J. Louis.

There is quite an extensive movement on foot to have the auto road from Long Beach to Bay City extended on to Balboa. It is expected that the Board of Supervisors of Orange county will allow a portion of same set aside for the purpose of building this boulevard. When completed the road will bring Balboa and the other beach towns along the coast into much closer communication with Los Angeles.
